J. F. BROWN PASSED AWAY

Former Rush County Man
Dies at His Home in
Indianapolis.

Was Well Known Here and
Was Born Near Milroy in
This County.

The Indianapolis News of last evening announces the death of Joseph F. Brown, of that city, a man born in this county and well known. The News says:

Joseph F. Brown, age eighty-five, for many years transcript clerk in the office of the county clerk and a pioneer citizen of Indianapolis, died at 1 o'clock this afternoon at the home of James O. Mefford, with whom he lived at 24 North State street. Senile dementia was the cause of death. Mr. Brown had been in feeble health all winter, but did not become seriously ill until a few weeks ago. His son Frank J. Brown, of Danville, Ill., was at his bedside when he died.

Joseph F. Brown was born May 7, 1820, in Rush county, near Milroy. He received his education at Hanover College. Shortly after leaving school in 1837 his brother, William J. Brown, then Secretary of State, appointed him deputy in charge of the State library, the work being that of the State librarian, although there was then no such office.

Mr. Brown was admitted to the bar at the age of twenty-one and took up the practice of law for a number of years. At his death he was the oldest member of the Marion county bar, with one exception. He served in several clerkships in the Indiana General Assembly near the time of coming of age.

With the election of this brother to Congress Mr. Brown accepted a clerkship in one of the government departments, serving in various positions for several years. He afterward engaged in business in Washington becoming president of the gas company which supplied that city. As a successful business man he was made one of the commissioners for the District of Columbia. In later years, Mr. Brown retained an active interest in the affairs of the District of Columbia and the city of Washington.

He was married at the time he lived at the national capital to Miss Virginia Singleton, daughter of Judge Singleton, of Winchester, Va. Of the six children born to them, all but one, Frank Brown, of Danville, Ill., are dead.

On his return to Indianapolis in 1875, Mr. Brown was appointed deputy by his nephew, Austin H. Brown, county clerk. He took charge of the transcript department of the office on his birthday, May 7th, and would have served thirty years continuously had he lived to reach his eighty-fifth anniversary.

He was a friend of Abraham Lincoln, and was at his bedside when the martyred President died. He enjoyed the recital of the admirable qualities of Lincoln and could tell stories of his intimate personality.

He was firm in the belief that his ability to direct the affairs of the transcript department was not in the least impaired by time. His work had grown lighter each year, however, until, when his duties narrowed down to story-telling, the change was scarcely noticed. His place on the roll of employees was secure, however, for County Clerk William E. Davis would as soon have thought of abolishing the marriage license department of the office as to have suggested the removal of "Uncle Joe." And the former action would probably have been as popular as the latter.

During his last illness, before he was confined to his bed, many friends, in passing through the court house, walked out of their way to speak to the veteran employee, and sorrowed to learn of his sickness.

At his bedside at the time he died were his housekeeper, nurse, a few friends and Admiral George C. Brown, of Woodruff Place, a nephew. Immediately after the death, Admiral Brown sent a message to "Uncle

Joe's" only living child, Frank J. Brown, of Danville, Ill.

The funeral arrangements have not yet been completed in detail, but Admiral Brown said that the funeral probably will be held Wednesday afternoon at 3 o'clock at the residence on State avenue. The burial will take place at Crown Hill. The funeral will be conducted by Center Lodge of Free and Accepted Masons, of which "Uncle Joe" was a member more than thirty years. He was a member of Christ Church on Monument Circle.

BACKED OUT

After all of Connersville's hot air about having a team which could defeat any in the Sunday League, the management in that city has refused to play Rushville in that city on May 7th, saying that the fans there are not anxious for a game. Well, Connersville, why show the white feather?

WATSON TO HAVE EASY SAILING

That is the Prediction Made by
a Citizen of Richmond
Indiana.

Louis Ludlow, the Washington correspondent to the Indianapolis Star, says:

"Benjamin Johnson, a prominent citizen of Richmond, who was here a few days ago, predicts that Congressman Watson will have easy sailing next year.

"He ought to be nominated and re-elected without any opposition anywhere along the line," said Mr. Johnson. "Serving in Congress is like learning a business in that the longer a good man stays in Congress the more efficient he becomes. Mr. Watson has a very useful career before him if the people will allow him to continue in Congress, and I am sure they are going to do so."

GRAND OPENING OF THE SEASON

Rushville Team to Play Rochester, N. Y., Tomorrow
Afternoon.

Tomorrow afternoon the 1905 baseball season will be formally opened in this city and promptly at 2:30 o'clock, Umpire Jack Sullivan, who is to umpire all week day games this season will call "Play Ball," and the two contesting teams, Rushville, Ind., of the new Sunday League, and Rochester, N. Y., of the Eastern League, will lock horns for the afternoon.

The fans are expecting a great game. The South Main street grounds are in excellent shape. Posts have been set for the canvas on the west side and the canvas on the north and east sides will be set tomorrow. William Jackson has erected a lemonade stand and the cry "Peanuts! Popcorn! Lemonade, and Chewing-gum!" will once more ring through the grand stand.

The Arlington band will arrive on the 1 o'clock car and will give a concert before the game. A parade will probably be formed at the Windsor hotel, consisting of the two teams headed by the band about 1:40 o'clock, which will proceed to the ball park.

The ball players will hold a meeting tonight at the team's headquarters. New uniforms of grey will be purchased next week.

Rushville will line up tomorrow as follows: McCord p, Morgan c, Ruby 1b, Cullen 2b, Carter ss, Herold 3b, Moore lf, Stubblefield cf, Kiser rf, Geraghty sub.

For each child born to the families of the municipal clerks in Kansas City the civic authorities promises to add \$5 a month to the father's salary.

THE LOSS WILL REACH \$100,000

Fire at Knightstown was Most
Destructive There in
Years.

Flames are Only Prevented from
Destroying the City by Efforts
of Firemen.

The origin of the fire which early Monday morning totally destroyed a considerable portion of the business district of Knightstown, still remains a mystery.

The fire was discovered by employees of the postoffice across the street, who saw a shaft of flame shoot from a window of the second story of the George W. Williams Company dry goods store.

They turned in an alarm at once and in less than three minutes the flames seemed to burst from every window in the three story building, and the whole structure was wrapped in a seething mass of flames. Although the fire department responded promptly it was so far gone that the force turned its attention to saving adjoining buildings. The new Wagoner block, with a hardware store below and offices above, adjoining the Morris building, was saved only with the greatest difficulty, though the flames were not under control until three hours after the fire broke out. Several kegs of powder were carried out of this building to prevent an explosion.

The water pressure was low, and but one pump was working at the pumping station when the fire broke out. The high wind drove the smoke and flames into the faces of the firemen, which handicapped them badly. Danger lurked in fighting the fire, for the walls swayed ominously and a gasoline plant in the Williams store finally exploded.

There is nothing but theory as to how the fire originated. The Williams store is heated by a furnace, but there had been no fire in it for many hours.

For a time it was thought that robbers had blown the safe, looted it and fired the building after them, but yesterday afternoon the safe was taken from the ruins and its contents found intact. Williams had feared the safe would be robbed and he had left considerable cash in the store out of the safe and this was destroyed. Thousands of dollars worth of dry goods, clothing and shoes were burned and not a penny's worth was saved from the three floors of stock.

The Morris building was almost completely wrecked, although about \$1,500 worth of tobacco was saved from the front of the building. Carloads of canned goods and groceries were destroyed. George W. Williams company's loss on stock is estimated at \$60,000, loss on building \$10,000; insurance on stock \$35,000, on building \$6500.

The net loss falls heavier on Morris, as his total loss will reach \$40,000, and he had about \$7000 insurance. Morris had for some time been reducing his insurance, having remarked that he would carry the risk himself. He will probably retire from business.

The two buildings were among the oldest business blocks in Knightstown. The Williams store was partially destroyed by fire last August, with considerable loss, and the store had only recently been remodeled. The head of the Williams company is a well known Republican and a former Representative from Henry county in the Legislature. He has been in business on the corner which was destroyed, for over twenty-five years.

Tried to "Shoot Up" Town. Lafayette, Ind., April 11.—Charles Adams, aged thirty years, shot and seriously injured Patrolman Carr at Sixth and Main streets. In true Wild West style Adams began to "shoot up" the town, and he frightened hundreds of people in Main street. Bullets were sent in all directions and windows were broken. A bullet went through the hat of William Florer, ticket agent for the Monon railway here. After he was shot Patrolman Carr brought Adams to a state of subjection by the vigorous use of his club.

DON'T SHOOT 'EM

Until You Are Quite Certain
You Are Protected by
Law.

(Connersville News.)

Don't shoot or otherwise kill your neighbor's chickens, even though they intrude on your new garden and sow havoc there, until further notice. An item, stating that one can do so, legally, and that emanated from the hub at Indianapolis, has been going the rounds of the press, but "Dick" Elliott, who helped in the law factory, last winter, says he has no recollection of such law. He searched carefully through the new acts without finding any such legal method for getting even by the aggrieved garden raiser. The law may be there, tucked away in some obscure paragraph, but the index, as far as searched, does not locate it.

SCHULER MAY NOT BE GUILTY

Young Man's Wages and Checks
From Railroad Employees May
Offset Shortage.

The latest development in the alleged shortage of Willard Schuler, at the C. H. & D. depot in Connersville, my result in the young man being innocent of the serious charge, although his absence from that city with no clue to his whereabouts causes the officials of the road to still suspect him of wrong doing. After the books were checked up Saturday afternoon a shortage of \$76.15 was found. Since the young man left Connersville his mother found in his clothes several checks from railroad employees he no doubt had cashed and not accounted for, and the amount of which with his monthly wages that was due him will almost offset the shortage. Several attempts have been made to learn his whereabouts, but so far all have been unavailable.

PICTURE GALLERY CHANGES HANDS

Charles H. Wolf Sells Out to
Owen Carpenter of Orange
Township.

C. H. Wolf, who for the past four or five years has been in the photograph business over Betker's cigar store, has sold his business to Owen Carpenter, of near Orange, who will take possession on Monday, April 24th. The deal was closed yesterday morning. Mr. Carpenter is well and favorably known and he is most welcome to our city. He and his wife have been spending some time in photographic work at Effingham, Ill. They have taken rooms with Joseph Horton, West Third street for the present.

As yet, Mr. Wolf, has not decided as to what he will do, but he has two or three things under consideration. He will in all probability move his family away. Mr. and Mrs. Wolf have made many friends during their stay here and it is with regret that they see them leave.

BY THE WAYSIDE

A young man bearing the ear marks of a Greensburger, walked into a Shelbyville grocery store Saturday evening and called for a bottle of vanilla extract. Before opening the door to step back into the street he pulled the cork, poured a few drops of the flavoring on his handkerchief and as he placed the bottle in his vest pocket, remarked to the clerk: "If there is anything Fairland girls like better than chewing gum, it's perfume."

EXTENSION TO CONNERSVILLE

Construction Work to be
Again Taken Up on
the I. & C.

Work at the Car Barns—the
Schedule to be Reduced
Soon.

Charles L. Henry, president and general manager of the I. & C. traction line, has with his family, returned home to Indianapolis from a visit in California. He was in this city yesterday visiting his son George and wife, and inspected the line at this point together with the car barns and power house. Although nothing definite has as yet been done concerning the work on the extension to Connersville, it is understood that Mr. Henry will at once take up the matter and that he will at once have a large force of men put to work on the line between here and Connersville, and expects to have the construction of bridges and track rapidly pushed to completion. During Mr. Henry's absence the work was partially abandoned and the clearing and grading for the roadbed was conducted, considerable headway was made. According to the Connersville papers, Mr. Henry has made the statement that he expects to have the work pushed as rapidly as possible in order to have cars running into Connersville by next fall.

Mr. Henry was well pleased with the operation of the line. The work has progressed to such an extent that the three hour schedule in use between this city and Indianapolis may now be reduced to two and one-half hours. This will be done, it is understood on April 17th.

The machinery is being put together at the car barns and preparations are being made to install a low speed motor for the purpose of running the machines. The long crank shaft is being installed this week. The shops will for the present contain no wood working machinery. That which is being installed is for metal work only. A blacksmith shop will be installed later.

The ballasting of the line for the first coat has about been completed and preparations are being made to complete the second coat. The track between this city and Indianapolis is becoming better each day, but the schedule has not been and will not be greatly reduced for some time, as the company wishes to give the ballasting trains plenty of time in which to work.

ARRESTED FOR EMBEZZLEMENT

Harry Stewart, Greenfield Insurance Man, is Taken Into
Custody.

Harry Stewart, of Greenfield, has been placed under arrest and is now confined in the Hancock county jail to await his trial and answer to the charges of wife desertion and embezzlement.

It will be remembered that Stewart ran away from his home last August, leaving his wife sick in bed and four helpless little children. It afterward developed that he had misappropriated some of the funds of the Prudential Insurance company, for which he was the district agent, with headquarters in that city.

THINK IT OVER

Are You, Mr. Merchant, Helping
to Keep Trade Here at
Home?

The New Castle Democrat says that more than \$100,000 per year goes from Henry county to the mail order houses of the country. How does the Democrat account for this inordinate eagerness on the part of its constituents to go up against these mail order propositions? Are the business people of New Castle doing anything near such aggressive and effective advertising as so the mail order houses? If they are not, but instead are complacently indifferent to the methods that make for success, is it any wonder that persons are induced by the logic of pictures and prices to send their money away from home?

TREES LOST OVER \$3000

While the Victim Was Visiting
the Swindler, at Shelbyville,
Disappeared.

It is now learned that John Treese, of Shelbyville, was fleeced out of over \$3000 by the stranger who said he was his brother, who disappeared twenty-three years ago. This information is derived by Mrs. George Hensley, who was formerly Mrs. Rebecca Eck. Mrs. Hensley says the stranger secured the money in Indianapolis, when John Treese and the supposed Adam Treese went to that city to make arrangements for removal to California. After the arrangements were completed Adam sent John to New Castle to spend a few hours with his brother Newton. The money was given to Adam for safe keeping and when John returned to meet Adam he had disappeared.

KILLED BY FLASH OF LIGHTNING

Well Known Union County
Young Farmer Meets Instant
Death.

Standing in the doorway of his barn Charles Murray, a prominent young farmer living four miles east of Connersville, was struck by lightning Monday afternoon and instantly killed. Murray had just finished some evening chores about the barn and was standing in the doorway watching a heavy thunder shower pass over when he was struck. Employees of the farm were standing near him at the time and were knocked down by the shock, but soon recovered. Murray was 33 years old. He leaves a wife and a two-year-old daughter.

RAILROAD NOTES

The C. H. & D. Pere Marquette system is arranging a new through service from Cincinnati to Mackinaw, over the C. H. & D., Pere Marquette and Detroit & Mackinaw railways. The train in this service will run for a great part of the way within sight of the waters of Lake Huron and Saginaw bay.

Teh C. H. & D. line proposes, on the taking effect of the spring time table, to put on a Sunday train to Ft. Wayne and return, which will be an innovation on that branch of the Findley road.

Russia, with a population of 127,000,000, has only 18,334 physicians. In the United States, with a population of about 75,000,000, there are 120,000 physicians.

BIG INCREASE IN THE MAIL

Healthy Condition of the
Postoffice Shows That
Rushville Grows.

\$600 More Business on Rural
Routes This Quarter
Than Last.

The receipts of a postoffice is a good thing to go by in judging a town. If the postal receipts decrease it is a sign that something is wrong and that the town is going back. On the other hand if the receipts increase it is evident that the business men of the town are transacting more business and that things are in a thrifty condition.

For the three months ending March 31st the rural service of the Rushville postoffice has done an unprecedented business. It is quite probable that there is not a city of its size in the State that will compare with it in the amount of pieces delivered, collected and postage.

There are twelve routes out of Rushville and the following tabulated statement is explanatory of the work done on each:

Route	Collected	Delivered
1	1,646	15,868
2	1,898	17,111
3	1,425	16,792
4	1,369	15,068
5	1,704	15,481
6	1,408	12,106
7	1,868	14,582
8	1,374	13,313
9	2,420	20,423
10	1,657	17,669
11	2,859	20,060
12	1,494	16,333
Total	20,925	195,106

In all 216,031 pieces of mail were handled on the rural routes during the quarter. The total amount of money resulting amounted to \$600 more than the quarter last year. This is certainly a good showing for the quarter.

The ten routes at Connersville during the three months ending with March 31, delivered 132,308 pieces of mail, being an average of 13,200 to each route, and collected 14,481 pieces. The postage for the ten routes amounted to \$294.45.

The eight routes at Shelbyville delivered 194,949 pieces and collected 17,772. This is a record almost as good as that of the local office.

The rural free delivery has been of vast convenience to our farmer friends. That, of course, is palpable on its face. But aside from this phase of the case it is beneficial in another way that has not been fully appreciated. City folk who have had occasion to drive on the roads traversed by the mail wagons report that they never saw them in such good condition heretofore. During the past winter, and in all kinds of weather, they have been comfortably passable and free from all kinds of snowdrifts or other impediments.

This care of the road illustrates the interest the farmers take in the improvements of the highways. Of course, the law is compulsory in this matter, but there is no slovenliness in the work performed.

It has also added a cheerfulness to country life. The regular arrival and departure of the postman is looked forward to and when the home folk see him coming they rush to the box with a cheery "How's all the folks!" or a "Thankye" if there's a letter in sight. Thus the monotony of farm life is varied and a new spirit infused in the country homes.

SEEKING ADJUSTMENT

Harrison Monument Commission Confronted by a Peculiar Tangle.

Indianapolis, April 11.—A meeting of the Benjamin Harrison Monument association was held here today, at which Vice President Fairbanks tried to straighten out the tangle over the location of the proposed memorial. Rankin & Kellogg, architects of the federal building, were represented, as it is owing to their opposition that arrangements have not been completed for placing the monument in front of the new structure. This is regarded as a choice location, but the architects have so far had their way. Vice President Fairbanks telegraphed to New York asking Charles Neihaus, the sculptor whose model was accepted, asking him to be present, but he replied that owing to poor health he could not make the trip. The commission is determined to place the monument in front of the federal building, and if the architects continue their objections it will wait till the building is completed and then ask the treasury department for permission.

Former First Assistant Postmaster General Perry S. Heath was here today enroute to Muncie to visit his mother. He has just returned from a ten months' tour of Europe and Africa and is in excellent health. After his visit with his mother and other Indiana relatives he will return to Salt Lake City to reside. It was rumored recently that he intended to buy a big farm and settle down to a simple life in Indiana but he has other plans. He does not expect to quit the political game. When asked if he intended to re-enter politics he said it would not be necessary as he was never out, as he has only been taking a much needed rest.

If Governor Hanly's law enforcement policy is carried out to the letter he may seriously cripple the Central League base ball teams at South Bend, Terre Haute, Ft. Wayne and Evansville where the local authorities permit the Sunday games. Indianapolis is the only large city in the state where the local authorities prohibit Sunday ball although the Sunday baseball law was meant to apply to the entire state. It is hinted that if the local authorities won't take action to prohibit Sunday games the governor will see what he can do. It is regarded as a certainty now that his police boards will have rigid instructions to see that no games are allowed on the Sabbath.

A number of new faces will be seen at the state house this week. Frederick Gemmer of Williamsport, today succeeded Union Banner Hunt as Governor Hanly's private secretary. Gemmer is almost as large physically as Hunt. He is chairman of the Warren county Republican committee but has yet to win his spurs as a state politician. O. A. Baker of Shoals, who will succeed William Huffman of Anderson, as state house custodian arrived today. Huffman will step out on the 15th of this month. Baker was formerly a member of the legislature and was one of the original Hanly men.

Governor Hanly remarked today: "The new Anderson police board is directly responsible to me, and I expect to have my ideas as to law enforcement followed to the letter." The governor will lose no time in tightening the reins where there are metropolitan police boards. This includes Anderson, Muncie, Vincennes, New Albany, Jeffersonville, Hammond, Logansport, Elwood, Kokomo and two or three other points. After he convinces the police boards that he means business it is intimated that he will extend his operations to Fort Wayne, South Bend, Terre Haute and Evansville, which have special charters, the police departments being in the hands of locally appointed boards.

Chicago Baptists have decided to raise \$100,000 to be used in the erection of a building for the education and training of women missionaries for work in foreign fields.

MERE CONJECTURE

Location of Rival Fighting Fleets Is Apparently Lost For the Time.

RUMORS OF A BATTLE

Unconfirmed Statement That Adverse Fleets Have Already Joined Battle Gains no Credence.

Russian Admiralty as Much in Doubt of Rojestvensky's Plans as Anyone.

St. Petersburg, April 11.—Russia's information regarding Rojestvensky's fleet, its location, destination and intentions, is based solely on foreign dispatches which are all too meager to prevent a quick ripening crop of rumors, according to one of which the adverse fleets have already joined battle. Others of these dispatches are attempting to locate variously the battleship division of the squadron. The admiralty steadfastly professes its inability to impart any light or clarify the situation, and there is reason to believe the profession is made in good faith, at least as applies to all except the very highest officers.

The admiralty gives general credence to the report that the battleships are taking a southern route through the Sunda straits, the selection of the Singapore route being regarded as in the nature of a feint and to minimize the danger of a torpedo boat attack on the mainstays of the fleet.

Meanwhile events in Manchuria have come to a pause, and at home the main attention is being given to the work of the Bouligan commission, which is charged with formulating the plan for the representative assembly promised by the imperial rescript of March 3. The commission is meeting twice weekly and in private. The statement that the preliminary report of the commission will be ready before Easter is incorrect. The amount of material for its consideration is too great to permit of this. The chief problem is that of representation for governments where the semestor organization is not at present installed and election machinery is not available. The summary closing of the lawyers' congress in St. Petersburg yesterday in the midst of the opening session of what promised to be a repetition of the Moscow conference of doctors, manifests the firm hand with which Governor General Treppoff is managing the difficult situation.

HOSTILE FLEET

Will Be Observed by Representatives of Uncle Sam's Navy.

Washington, April 11.—Admiral Train, commander-in-chief of the Asiatic station, has cabled the navy department that he has dispatched the cruiser Raleigh which has been at Labuan and several torpedo boats to the island of Palawan to observe the movements of the hostile fleets which must pass through those waters. This direction was not given as the result of any special orders from the department, but under the broad instructions sent some months ago to the commander of the Asiatic station to take all proper steps to guard against any violation of neutrality by either belligerent in the Philippines. There is no dock in the Philippines large enough to handle any of the great Russian battleships, so that fortunately it will not be necessary for the state department to decide whether or not the Russian vessels can dock in our ports to clean their bottoms. The naval records show that there is a drydock at Saigon, 498 feet in length, which would accommodate the Russian ships, so that the French government is liable to be confronted with this question.

The French View of It.

Paris, April 11.—The authorities here are satisfied that the Russian second Pacific squadron will not seek to put into Saigon, French Cochinchina, as the shallow harbor does not permit of the entrance of deep-draught warships. The imminence of a naval battle arouses the keenest interest. M. Bernet, the naval critic of the Temps, is also of the opinion previously expressed in other quarters that Admiral Rojestvensky plans inflicting losses equal to his own and thus reducing Japan's naval effective so that remaining Russian ships re-enforced by Admiral Nebogatoff's division of the second Pacific squadron from Jibuti (French Somaliland) will permit Russia to present an equal if not greater power than Japan.

New Minister to China Departs.

Washington, April 11.—W. W. Rockhill, newly appointed minister to China, with Mrs. Rockhill and his daughter, started from Washington today for San Francisco, whence he will sail on the 18th inst on the Manchuria for Yokohama. At this port he will transship for Shanghai and thence proceed to Peking.

Entire Square Burned.

Russell, Ky., April 11.—Fire destroyed the store room of Lynn and Giley, the Bell Telephone Exchange and eight dwellings, covering one square in the center of town. Loss \$35,000.

UNIQUE MEMORIAL

Thousands of Indians Put Thumb-marks to Petition to Government.

Minneapolis, April 11.—Major McLaughlin, inspector of Indian agencies, is on his way to Washington with the signatures of 3,514 Sioux Indians done in thumbmarks. Maj. McLaughlin passed through Minneapolis with the document and is confident that it will make a sensation at the department of state.

The signatures, however, were not accumulated for spectacular effect, but stand as a memorial to the government from the Standing Rock agency, asking for the division of 500,000 acres of land. The land was granted to them in 1899, but has not been divided. In the past the noble red man has been considered above guile, but it has been discovered that when it comes to a land deal, Uncle Sam is likely to suffer unless every precaution is taken. As all Indians look more or less alike, the unique method of taking their signatures was decided upon.

A NEW LEAD

Has Been Opened Up in the Beef Trust Hearing.

Chicago, April 11.—The contents of eight mysterious trunks unearthed by government secret service men in the vaults of the National Safe Deposit company, is occupying the attention of the federal grand jury, which is investigating the business affairs of the so-called beef trust. A subpoena duces tecum for Daniel Peckham, secretary of the depository company, was issued by Judge Landis to force the company to produce the trunks in the jury room. The trunks were taken to the office of District Attorney Morrison, where it is said they were opened and their contents examined.

As to what the trunks contain and what their connection with the present investigation may be is unknown to those outside of the jury room.

Cripple Creek Cases Dropped.

Cripple Creek, Col., April 11.—District Attorney Clarence C. Hamlin has nolleed the cases of the people versus Nelson Franklin and forty-six other prominent citizens of Cripple Creek district, who were charged with the deportation of certain persons Aug. 20 last, and prior to that time, and with looting union stores. Mr. Hamlin said the cases had already caused an expense of nearly \$5,000, and in his opinion there was small chance of obtaining a conviction if they should be tried. Unavailing efforts to secure a jury in the first of these cases have been made during the last week.

Has Had Enough Kansas.

Wichita, Kan., April 11.—Mrs. Carrie Nation, who is in jail here, has announced her intention, after serving out her jail sentence, of leaving Kansas and settling in Oklahoma, where she will devote her attention to efforts to have a prohibition clause in the constitution when Oklahoma secures statehood. Mrs. Nation is in prison awaiting the decision of an appeal to the district court for joint smashing.

Italians Go on Strike.

Lancaster, Pa., April 11.—One hundred Italians employed on the new line of railroad which the Pennsylvania railroad is building through the southern end of this county have struck for higher wages. They declare they will permit no one to work until their demands are complied with. A number of special constables have been sworn in to protect the non-strikers.

Wheat Makes Good Showing.

Washington, April 11.—The monthly report of the chief of the bureau of statistics of the department of agriculture shows the average condition of winter wheat on April 1 to have been 91.6 against 76.5 on April 1, 1904, 97.3 at the corresponding date in 1903, and 83.1 the mean of the April averages of the last ten years.

HAYTI OBJECTS

If Powell Is Not Recalled He Will Get His Pass-ports.

Washington, April 11.—Unless the United States immediately recalls William F. Powell, its minister to Hayti, that diplomat will get his passports. This is the ultimatum which the government at Port au Prince proposes to deliver to President Roosevelt.

Not only does it charge Mr. Powell with having injured its credit abroad by sending to the state department here a false report in regard to the internal situation in the republic, but it finds some peculiar circumstances connected with his protection of the Syrians which it considers worthy of investigation. Mr. Powell, Secretary Taft has been told by M. Leger, the Haitian minister, is offensive to his government and people, and his departure would be in the interest of good relations between the two countries.

Senator Clark Sued For Recovery.

Helena, Mont., April 11.—United States Judge Hunt has set for trial on June 16 the cases against R. M. Cobban and fifty-three others on charges of perjury and subornation of perjury in connection with extensive western Montana land frauds. The government alleges that Cobban induced the indicted persons to take up lands and then turn them over to him and that he in turn as an agent transferred them to Senator W. A. Clark. The government has also sued Senator Clark for recovery of the lands.

BELASCO'S INTENT

Noted Playwright Is Going Right After Theatrical Trust.

THE BIG HALF DOZEN

In His Complaint Mr. Belasco Declares That Six Men Control Every First Class Theater in Country.

Names of the Members Comprising the Alleged Combination Appear in Evidence.

New York, April 11.—The charge that half a dozen men in this city and Philadelphia control every first class theater in the United States, dictate to managers as to where their stars shall appear or whether they shall appear at all, and arbitrarily demand and nearly always receive a large percentage of the profits from every play produced in those theaters, has been made by witnesses during the progress of the trial of the suit of David Belasco, the playwright against Klaw & Erlanger, the theatrical agents, still in progress.

Mr. Belasco's purpose in the suit is to re-establish his contention that Klaw & Erlanger entered into a secret partnership with him in regard to the starring of David Warfield in "The Auctioneer." Mr. Belasco testified that in carrying out what Abraham Erlanger termed a "good joke" on his associates in the alleged theatrical combination, Klaw & Erlanger had Joseph Brooks sign a co-partnership agreement after exacting from Mr. Belasco a secret agreement to pay to them one half of the profits from "The Auctioneer." The secret agreement was made in consideration of Klaw & Erlanger consenting to "book" the play at first class theaters. Belasco also told of similar experiences when he claimed to have had with Charles Frohman. He paid Frohman, he said, more than \$100,000 from the profit of "Zaza" in which Mrs. Leslie Carter appeared under Mr. Belasco's management. Belasco said in the course of his explanation that these cases were only two of many—that every manager had the same experience as himself and was obliged to make similar agreements with the booking agents. The names of the members of the combination which is alleged to control the theaters of the United States as given by Samuel E. Nixon of Nixon & Zimmerman, theatrical agents, when he was on the stand are Al Hayman, Charles Frohman, Klaw & Erlanger of this city, and Nixon & Zimmerman of Philadelphia, Baltimore and Pittsburg.

Council Takes Revenge.

Cleveland, O., April 11.—In the city council last evening a resolution was introduced which if passed later will deprive Mayor Johnson of the privilege of the council floor during the meetings of that body. The resolution does not mention Johnson's name, but specifies who shall have the privilege of the floor. Johnson's name is not included in the list. The resolution was referred to the judiciary committee without debate or excitement. A speedy report is looked for. This action is taken because of the mayor's antagonistic attitude towards the council on many occasions lately.

No Settlement in Sight.

Chicago, April 11.—There is nothing in the developments that would indicate that there is to be a peaceable settlement of the strike inaugurated by the teamsters against the store of Montgomery Ward & Co. Deliveries to the railroads were declared by the officials of the store to have been a great deal more successful than last week's efforts. There are prospects that the express drivers will be drawn into the struggle as a body, although as yet only scattering members of the union are affected.

Hunting Without Guns.

Frederick, Okla., April 11.—President Roosevelt's wolf hunt began early yesterday morning at Camp Roosevelt, southeast of here. A pack of forty dogs, under direction of John Abernathy, a celebrated wolf killer, chased the game. Three wolves were killed before dinner, the president being always at the head of the procession of riders. The hunt was resumed at 1 p. m., with the party of riders reduced to ten. No guns were used.

Storm Sweeps Pittsburg.

Pittsburg, April 11.—Last night a windstorm struck the city which lasted for eight minutes only, but during that time it had a velocity of sixty miles an hour, which is the highest ever recorded for this section. A number of houses were unroofed and other incidental damage resulted, but no fatalities are recorded. An estimate of the damage done in Pittsburg and Allegheny by the storm will reach \$75,000.

No Quibble Here.

Boston, April 11.—A gift of \$200,000 from John D. Rockefeller to the American Baptist Missionary Union is announced. The gift was solicited by officers of the union, who were desirous of raising funds to meet the growing needs of the work in which the union is engaged.

A FEW OPINIONS OF SEVEN BARKS
Extracts from Original Letters:
"I had impure blood and tetter. Your medicine cured me sound and well."—William S. Winn, New Weston, Ohio.
"The only doctors I have had in my family for ten years are Seven Barks and Globe Pills. They are the best doctors in the world."—G. W. Kittenman, Silverton, Mo.
"I had four attacks of bilious fever. I tried many remedies with only temporary relief, until I resorted to Seven Barks. After one bottle I felt as good as ever I did."—Wade J. Shepard, Sanderville, Ga.
"I have not had a doctor in my family since I have been using your medicine (Seven Barks)."—Annie Hillis, Fowhatan, Ark.
"Seven Barks is good for more diseases than it's recommended for. I could not get along without it."—Mrs. E. A. Hamilton, Sarahville, Ohio.
"After using two bottles of your Seven Barks my wife was entirely cured of rheumatism."—Frank B. Carman, Brooklyn, N. Y.
"I feel satisfied that if anything will prolong life it is Seven Barks and Globe Pills."—Wm. J. Hancock, Ogden City, Utah.
We could use several pages of this size in reproducing short extracts from original letters in our possession, received from enthusiastic friends of "Seven Barks." There is no evidence of merit deserved we cannot produce, but the quickest way to settle all doubt, is in the reader's mind, is to buy a 50-cent bottle from your home druggist, and if you do not find it all we claim, get your money back. It will be cheerfully refunded by the druggist you bought of.

"Mrs. Grace Kelso, who yesterday filed suit for \$15,000 damages from her mother-in-law, Mrs. Eliza Kelso, was formerly Miss Grace Robbins, of Greensburg. Her husband, John Kelso, from whom she is separated, is the youngest son of County Commissioner Charles Kelso, of Richland township.

Mrs. Jabez Smith, who is sick at her home on West Third street, is reported not so well today. Mrs. Smith has never been out of the house since the 12th of last November. She has never been able to get down town since the postoffice was moved to its present location. She has never seen the traction cars or the power house and carbarns.

While breaking a colt to a farm wagon along side an old horse this morning near his home about one and one-half miles south of town, Albert Capp, son of Mr. and Mrs. Frank Capp, in trying to guide the team, broke one of the lines. Before he could get control of the horses they ran away and dashed into a fence. There was little damage done to either driver, horse or wagon.

A prosperous Chinaman in Chicago married an American girl and bought a lot for a thousand dollars on which he built a home. Then he was brought before the federal court and informed that in our laws he was not a person and could not hold real estate. He proposed to deed the property to his wife, but was told that when she married him she became a Chinese and could not hold the title. So he can neither keep the lot, sell it, or give it away.

The funeral of Jacob Barringer was held this afternoon at the late residence on the Arlington pike, conducted by Rev. V. W. Tevis, pastor of the Methodist church. The funeral was largely attended. The burial took place at Concord cemetery. Mr. Barringer was the father of six children, four of whom, Miss Mary, of this county; Mrs. Rebecca Weed, of Elwood, and Samuel and Frank Barringer, of the county, survive. Mrs. Barringer died in August, 1872.

The Teachers' Reading Circle examination will be held on Saturday of this week in the examination room. Applicants making a grade of 75 in "Social Spirit" and "School Management" will be exempt from examination in those subjects this year and will also be exempt from examination in History and Science of Education. Persons holding grades for four years in the Teachers' Reading Circle work will be given a diploma, which exempts them for all time from examination in that work. Teachers, and especially young applicants should take advantage of this examination.

Columbus Republican: Yesterday the Republican mentioned the fact that in the Shelby county circuit court, William V. Rooker had secured judgment against P. H. McCormack and Phil Wilk for over \$2004. The sheriff of this county was instructed to collect the judgment and this morning Deputy Sheriff Perce located Mayor McCormack in Irwin's bank. He read the order to the mayor and the latter, instead of acting like any other person under like circumstances, grew hot under the collar and informed the deputy that he had better go and learn something before he tried to serve a document like this again.

The Connersville Examiner in speaking of a visit of a gentleman from Montreal, Can., who was in that city looking over the prospects for locating a shaft and pole factory in Connersville, says: "A number of Connersville men were met by the gentleman, to whom he submitted his proposition. It was his intention to interest local men in his factory. His proposition was met with counter proposition, and the matter rests there. If the gentleman accepts the offer made him by the local men in all probability Connersville will have another good factory this year. The concern is looked upon with favor because of the various buggy factories here, which would afford a home market for the product."

LODGE NOTES

Connersville Examiner: Last Saturday evening at the First M. E. parsonage, Mr. Edward Foster and Miss Edna Hiers, two well known and highly respected young people were married by Rev. T. H. Willis. The ceremony was performed at eight o'clock and the only witnesses to the nuptial affair were Mr. and Mrs. Guernsey Foster, who acted as attendants. Although the marriage of the young couple was expected to take place soon, it nevertheless came as a surprise to the parents when made known and their blessing asked for. Mr. Foster and his bride will at once enter into the stern realities of house-keeping in a pretty cottage on West 8th street, where they expect to make their home. Both are most estimable young people and have a large circle of friends who will extend hearty congratulations and best wishes.

The Meredith home, on North Morgan street, last night was the scene of a wild invasion. After supper the family was occupied in different rooms of the house, two of the young ladies being in the parlor reading and playing the piano, when a crowd of hoodlums rushed in, pelted the head of one of the young ladies with boxes, packages of tinware, glassware, etc., and before the poor bewildered victim could collect her thoughts after a state of semi-unconsciousness produced by the fright and blows on the head, they began to demand an explanation for her coolness in receiving them. At first she attempted to beat them in their own blunt way by accusing them of inflicting injuries upon her without cause, but finally finding herself in their power, she began to plead guilty. Of course such a plea was not accepted, and as punishment for her misdeemeanor the crowd laid aside their wraps and demanded entertainment for the rest of the evening. Whether or no she is to be condemned for her manner of receiving her bold guests, she surely made good recompense. We are loath to incur censure upon any young ladies of the town by naming them as members of a crowd so uncouth as to invade a residence, but to vindicate any who might be unjustly accused we find it necessary to name the party: Mrs. McConnell, Misses Angeline Coleman, Sue Gregg, Minnie Siebert, Cora and Nellie Winship and one whose name we are requested to withhold.

Mrs. Sleeth received a cablegram from Paris today informing her that her daughter Charlotte is very sick. A later dispatch stated that she was better.
